Requests For Kennedy Book Top Million

The new hard-cover book on the assassination of President John F. Kennedy will soon be off the presses ready for delivery to subscribers of The Gettysburg Times and others who have placed more than 700 orders thus far.

We ask all to be patient.

As soon as the books are received they will be mailed to those who have so requested and those who announced that they will call for them will find in the offices of The Times.

Tremendous demand to date indicates that delivery will not be as fast as first hoped on "The Torch Is Passed."

This is the volume prepared by The Associated Press and recounting in dramatic pictures and new, original text the death of President Kennedy and the events that followed. It is a fitting historic record of this tragic episode.

EXCEEDS MILLION

Most Associated Press newspapers, including this one, are participating in the project. As a result, orders for the book have poured in so fast to AP headquarters in New York that the total already stands at 1,100,000 copies.

Although one of the largest publishing houses in America has put its full resources into the job, and has actually started producing books, it will take weeks to meet all demands.

You can still order a copy of "The Torch Is Passed" by filling out the coupon on Page 3 and sending it along as directed, with your remittance. But even if you have already ordered, please be patient if your copy does not arrive quickly.

The books will not be sold in bookstores.

Will Use Force To Stop Mummies

PHILADELPHIA (AP)—The Congress of Racial Equality (CORE) said today it will take to the streets and physically halt the traditional New Year's Day Mummers Parade if marchers are allowed to wear blackface.

CORE was joined in the move by the Chester, Pa., Committee for Freedom Now.

Louis Smith, chairman of the Philadelphia chapter of CORE, and Stanley Branche, president of the Chester committee, issued a joint statement saying:

"Since the City of Philadelphia has given the blackface mimics the green light, we have no choice but to use our bodies to stop this parade."

John Schaefer, field representative of CORE, has promised to gather chapters from the eastern seaboard and march them on Philadelphia New Year's Day in a supporting action, it added.

The statement warned that "other factions have vowed to cause trouble if the blackface Mummies are not taken out of the parade."

FOUND GUILTY OF SPEEDING

Berman Beamer, Aspers was found guilty of speeding by the Adams County court Saturday morning.

Beamer had been arrested by Cumberland Twp. Policeman Bernard V. Miller Sr., at 4 a.m. on October 20 on the Biglerville Rd. and charged before Justice of the Peace George Lambert, Cumberland Twp., with speeding.

Saturday morning Officers Miller told the court that he had found Beamer driving 50 miles an hour in a 25-mile zone in Gettysburg, and thus began to clock him. He said that he followed Beamer for about four miles on the Biglerville Rd., the last two miles at a distance of about 100 to 200 feet behind Beamer at speeds of and in excess of 75 miles an hour.

Miller said he finally stopped Beamer at Van Dyke's corner and told him he was going to bring a speeding charge against him. Beamer, according to Miller, told the officer he should "be prepared to fight the case in court."

In court Saturday Beamer claimed that the charge should have been brought before Justice of the Peace John Whitman as the "nearest available magistrate." Miller reported measuring the distance and finding Lambert a half mile closer to the Gettysburg square than Whitman.

The court sentenced Beamer to pay \$10 for the use of Cumberland Twp. and the costs in the case.

Beamer did not take the stand during the hearing.

WASHINGTON (AP)—The Senate was expected to give final congressional approval to the \$33 billion foreign aid bill by tonight.

Democratic and Republican Senate leaderships indicated they expected the necessary quorum of 51 members to be on hand for today's session. Senate approval of the hotly-fought aid bill seemed certain, giving President Johnson a least a partial victory in his first joust with Congress since becoming chief executive.

Nazareth Preparing For Visit Of Pope Paul VI; Will Say Mass At Grotto

By ANDREW MEISELS
NAZARETH, Israel (AP)—The community in the hills of Galilee where Jesus grew up and worked as a carpenter is busily preparing for the arrival of the man Roman Catholics regard as the vicar of Christ.

According to Christian tradition, it was in Nazareth that the Virgin Mary learned she was to give birth to the Messiah; it was here that Jesus spent a great part of His life before embarking on the road that led to Calvary. It was from here that He descended to the Sea of Galilee and met Simon the Fisherman, whom He named Peter.

CHURCH SEEKS XMAS CARDS TO HELP KOREANS

Used Christmas cards will no longer go up in smoke, but will help brighten the lives of Korean children under a plan announced by the Gettysburg Seventh-day Adventist Church, Fifth and Hanover St.

Members of the church will mail used cards to the church's mission in Korea to be used as teaching aids next summer in vacation Bible school.

"Some of the cards will be used to entertain children in hospitals, and some will be distributed to the orphanages, of which there are hundreds in Korea," says Mrs. Lawrence Cruze, local Dorcas leader. Another use is teaching pupils English. But the cards will be mostly used at vacation Bible schools where the teachers pass out a small card or picture as a reward for learning a perfect memory verse or for perfect attendance. Many pictures were used last year to illustrate Bible stories.

NEED BOOKS

Also needed are small children's books similar to the Little Golden series books.

The books will be used in the same way as the cards — as educational aids and rewards for achievement.

The project was started more than a year ago by Robert Sheldon, manager of the church's publishing house in Korea. He wrote a letter to the "Reader's Clearing House" of a Washington

Nearing Goal For Student Exchange

The American Field Service committee's campaign at the Gettysburg High School for funds with which to continue the foreign student exchange program has come to its goal and a time extension has been allowed to give the students an opportunity to make late donations.

Payments and pledges total \$2,325.75 and the amount already collected comes to \$2,202.75 in "good will" shares.

Grade 7 was the only one to over-pledge its goal. The highest home reports showed Room 123 of Grade 11 had the largest total in the senior high school with \$276.75 while Room 227 in Grade 9 turned in \$53.25.

The community also has an opportunity to help the local committee raise its overall goal of \$2,500.

REVIEWED 59 CASES

The 37 were among 59 continued cases reviewed by Teeter as one of his last official acts as district attorney. He will be succeeded January 6 as district attorney by Attorney Gerald R. Walmer. Attorney Teeter had not sought another term in the office. Attorney Walmer was in court Saturday for the report by Attorney Teeter, who told the court he and Walmer will meet in the next few days to go over the cases remaining on the continued list.

1929 CHARGE

The oldest case on the list was a charge of concealed weapons and burglary against Charles F. Leister, who, it was reported, may be deceased. The charges arose from theft of livestock in 1929, 34 years ago.

Second oldest case was a 1930 charge of embezzlement against Mervin Decker, now reported deceased.

Five of the cases were desertion and nonsupport cases and it was noted that if the absent husbands were found now the children would probably be grown and on their own anyway.

Attorney Teeter raised a question of bail that was forfeited in the cases when the defendants failed to appear for sentence years ago. The court held that "not-prossing" the cases would make no difference. The bail had been given for appearance of the men in court. When they failed to

BENNINGFIELD SENTENCED TO TERM IN PEN

The Adams County court Saturday sentenced Frank Benningfield, 31, Baltimore, to 1 1/2 to 3 years in the penitentiary for his part in the taking of more than \$52,700 from the Penn-Moc Shoe Co., Fairfield.

Benningfield admitted cashing checks sent him by William Neal Shanks, 28, formerly of Littlestown R. D., to which Shanks had forged the name of the cashier of the Fairfield Shoe firm, but claimed that he had not suspected anything wrong because he knew Shanks was an official of the shoe company. Shanks was bookkeeper at the time he sent the checks to Benningfield to pay gambling debts and buy a one-third interest in a Baltimore night club.

Shanks last September 4 was sentenced from three to 30 years on the forgery and conspiracy charges arising from the issuance of the checks. Currently serving 30 years in Maryland on bank robbery charges, Shanks will receive either the maximum or the minimum on the Adams County charges depending on the length of time he is held in the Maryland penitentiary, since the Adams County sentence begins when he is discharged by Maryland.

PHONE USER FINED

Benningfield was found guilty by an Adams County jury last September on the conspiracy and forgery charges and then appealed that finding. Last week the Adams County court rejected his appeal for a new trial. Saturday he was sentenced to the 1 1/2 to 3 years in the state correctional institution at Philadelphia, or any other penitentiary to which the state assigns him.

The court gave Donald Melvin Poland, Gettysburg R. 5, a suspended sentence, placed him on probation for one year and ordered him to pay \$100 for the use of the county and \$41.75 costs on a charge of malicious use of the telephone.

According to the charge against Poland he "unlawfully used the

TEETER ASKS COURT TO DROP 37 OLD CASES

District Attorney Daniel E. Teeter wound up 16 years in that office Saturday by "not-prossing" 37 continued cases, noting, "In most of these cases defendants, or prosecutors, or witnesses have died, or their whereabouts are unknown and I see no reason to pass them on to my successor."

The cases mostly began during Attorney Teeter's four terms as district attorney. A few began under the term of Attorney J. Francis Yake Jr. as district attorney and some date back to the terms of the late John Butt as district attorney.

District Attorney Teeter, holding that the cases he submitted to be discontinued "were continued probably only because of my own stubbornness, in the belief that we might be able to do something about them," said he felt that continuation would "serve no useful purpose."

LAKONIA SHELL SINKS IN OCEAN OFF GIBRALTAR

LISEON, Portugal (AP) — The burned-out shell of the Greek cruise liner Lakonia sank in 13,200 feet of Atlantic water Sunday as she was being towed toward Gibraltar.

Capt. Trygve Gaasoe of the Norwegian tug Herkules, who was directing the attempt to salvage the hulk, said the ship's starboard list increased Saturday night.

Six men from one of the two Portuguese tugs with the Herkules were put aboard the wreck Sunday morning to close all starboard portholes. The growing list forced them off after four hours.

"Suddenly at 2 p.m. the wreck heeled over to starboard until the decks on that side were awash," Gaasoe reported by ship-to-shore telephone.

"Just as she went down, she rolled back completely so that her decks were pointing straight toward us on her port side," he said.

Gaasoe said the Lakonia sank about 260 miles southwest of Gibraltar.

"It was simply too burnt out to stay afloat," he said. "The charred metal was cooling down after the fire, and this set up a lot of irregular stresses, and the weakened structure probably simply broke up."

Fire broke out on the Lakonia on the night of Dec. 22 as she was sailing from Britain to the Madeira and Canary islands. Of the 1,041 persons aboard, 91 are known dead and 64 are missing.

"DREAMS"

I dream when sleep enfolds me . . . sweet dreams and tart ones too . . . reflections of my inner thoughts . . . some last the whole night through . . . no one can say what they will dream . . . on that you can rely . . . just as none can look into . . . the depths of mankind's eye . . . volumes have been written on . . . dreams and what they mean . . . some say they have a bearing . . . on life's changing scene . . . I cannot go along with this . . . for I believe that dreams . . . are imaginary visions . . . far from natural streams . . . so when slumber takes its hold . . . I'll drift to dreams once more . . . until God lets me wake to find . . . things as they were before.

appear it was forfeited, as required by law. The court added, "The bail has nothing to do with guilt or innocence, only for the appearance. Even if a defendant would still lose his bail if he failed to appear at the time for which he had given bail."

NO "BILLY HANSON"

Three cases were "not-prossed" because it had been determined there "never was such a person." In connection with three burglary and larceny charges in 1959 a "Billy Hanson" was charged on all three cases because that name was given by the others captured in connection with the charges. Later that name was found to be fictitious. In going over the list of cases still on the docket it was found that at the time the charges against "Billy Hanson" had been overlooked and so they were among the group dropped Saturday.

The most recent case dismissed Saturday was a desertion and non-support charge brought against Guy E. Gross. The court was told Mrs. Gross had brought charges against her absent husband elsewhere since that time.

A charge of breaking and entering brought in 1936 against Glenn D. Carter was stricken from the list. The district attorney noted that Carter was sentenced in 1941, but apparently the clerk at that time inadvertently failed to remove the case from the continued list.

ACTIVE CASES

The new district attorney will inherit a number of continued cases, according to the list reviewed before the court. James Nevin Keller, formerly of Gettysburg, still faces three charges, two of motor code violations and one of burglary, from 1957. He is currently in federal penitentiary on bank robbery charges.

A charge of pointing a gun from 1938 still is hanging over Arhanial Irvin, who is still in prison on a jail break charge. A 1959 charge of burglary and larceny against Stanley R. Anthony was continued.

Among others continued into the term of the new district attorney are a hit and run charge against one E. Kade; burglary and larceny charges against Chester Merle Strickler, Robert H. Kingsley and David E. Bird; contributing to the delinquency of minors against Roosevelt Hyllton; fraudulent conversion, forgery and obtaining money on false pretenses against Frank Glen Mallen, now in prison elsewhere and expected to be available to Adams County soon; operating during suspension against Columbus Wallen; and burglary and larceny charges against Harold J. Smith, Kenneth R. Schurtz, Paul Lee Smith, Frank A. Shearer, William Douglas Cole, George W. Doggett and Marcelina Rostores.

At the conclusion of Saturday's session of court District Attorney Teeter noted, "It has been a pleasure to work with your honors over the years and to exercise this office. I've enjoyed working with the court, the jurors and the peace officers of the county."

Judge W. C. Sheely said to Attorney Teeter, "On behalf of myself and the associate judges it has been a pleasure to work with you. You have done an excellent job."

Dwight Fadenrecht, a Senior at the Bermudian Springs High School, won the gold medal for giving "That Glory May Dwell in Our Land" by Harmon C. Brown in the temperance speech contest held at the covered dish supper at the Hampton fire hall Friday evening.

Dwight plays the tenor saxophone in the BSHS band and sings in the male quartette and chorus of the high school. Another school activity is track. He played a part in both the junior and senior plays of his class. He is an officer of the youth group of his church, the Christ's Crusaders, at the Morning Hour Chapel.

The gold medal speech contest was sponsored by the Woman's Christian Temperance Union of Adams County. Other contestants, all from the Bermudian Springs High School, were Betty Dehaven giving "Dead Man's Curve" by Verma Davis; Annabeth Fadenrecht, "A Child Shall Lead Them" by Marie Hand; Benjamin Stoner, "A Certain Rich Man" by Mrs. H. O. Bixler, and Rosalyn Fadenrecht, "The Best People" by Lucille Crites Sleigh.

Three ministers of the county served as judges for the contest. They were Rev. Ernest Brindle, pastor of the Church of Christ at Hampton and the Mt. Olive Church of Christ; Rev. M. Benson Paul, pastor of the Chestnut Grove and Lower Bermudian Lutheran Churches, and Rev. James Leshar, pastor of the Iron Springs Church, near Fairfield.

est stop on his 11-hour itinerary in Israel. He will say Mass at the Grotto of the Annunciation where Christians believe the archangel Gabriel told Mary of the coming birth. The Grotto Church is being rebuilt over the remains of three earlier ones.

30 CHURCHES

Nazareth has almost 30 churches, their grounds cover more than a third of the city's area.

In many ways, Nazareth remains a city out of its time. Primitive shops and stalls line the narrow streets that twist upward into the hills of Galilee. Shops display water jugs and vases and straw baskets and copper plates made by native craftsmen. Any of the objects could have been made yesterday or 3,000 years ago.

In the Upper City with its steep, refuse-littered streets so narrow no car can pass, simple dwellings seem to grow out of the very hills whose rocks were used to build them.

Although most Nazarenes are not Roman Catholics, all seem enthusiastic about the Pope's visit.

Said a Moslem friend of the shopkeeper: "The Pope is a good man and he seeks to bring all men together in peace. May his blessings rain upon us all."

MARTIN SERVICES

Funeral services were held from the Incarnation United Church of Christ, Emmitsburg, Saturday afternoon for George Jacob Martin, 55, of Emmitsburg R. 2, who died at the Polyclinic Hospital, Harrisburg, on Tuesday evening. The Rev. John C. Chatlos officiated and interment was made in Mt. View Cemetery, Emmitsburg. The pallbearers were Alvey Kline, Eric Glass, Allen Crouse, Raymond Keilholtz, Wilmer Naill and Charles Brauer.

Funeral arrangements were made by the Wilson Funeral Home, Emmitsburg.

MOTHER WAS KILLED BY SON

POTTSTOWN, Pa. (AP)—The deaths of an elderly woman and her son have been ruled murder and suicide by Dist. Atty. Richard S. Lowe of Montgomery County, but no motive has been established.

Lowe theorized Sunday that Douglas Keim, 42, who he said was mentally retarded, stabbed and beat to death his mother, Mrs. Pearl Keim, 68.

Lowe added that Keim took his own life by wrapping a metal coal poker around his neck and tightening it until he strangled himself. He said a county detective took a similar poker and demonstrated that this could be done.

Police found the bodies of the two in their home Saturday after a neighbor reported they hadn't been seen since Tuesday.

Several unopened Christmas presents were found in the house, leading authorities to conclude that the mother and her son had been dead since Tuesday.

35TH DEATH FROM ALCOHOL

PHILADELPHIA (AP)—The toll of wood alcohol poisoning deaths in Philadelphia's skid row continues to grow.

And Dr. Joseph W. Spelman, city medical examiner, says there are probably at least 250 more victims of wood alcohol poisoning who may die, go blind or suffer other grave affliction if they do not receive prompt medical attention.

The latest victim, Campbell Pitts, 45, died Sunday of what authorities tentatively diagnosed as wood alcohol poisoning. He was the 35th such fatality since Nov. 27. The death toll includes two women.

Detective Max Gordon said lids of several canned heat containers were found in Pitts' room but they were not those of the extra-strong institutional type blamed for many of the skid row deaths. The institutional type contains more than 50 per cent wood alcohol.

NAME TAX COLLECTOR

Mrs. Jeannette L. Stambaugh, wife of George P. Stambaugh Jr., Gardner R. 1, was appointed tax collector in Huntingdon Twp. to fill the unexpired term of Harrison G. Fair, who is resigning as tax collector January 6 to begin his duties as a county commissioner. Mrs. Stambaugh on the same date will cease being clerk of the Huntingdon Twp. school board, according to a copy of her resignation of that post submitted with the petition by the Huntingdon Twp. supervisors that Mrs. Stambaugh be appointed to fill the vacancy caused by Fair's resignation of the post to which he was elected November 7, 1961.

The bond of Roscoe A. Shindecker as constable of Freedom Twp. was approved by the court.

The court approved a petition presented by Attorney Edward B. Bulleit that he be discharged as master in the divorce action of George D. and Lillie E. (Peck) Chilcote, the couple having reconciled.

PHILADELPHIA (AP)—"We know our kids are going to scrap. That's the only reason why we're here. We have scrap."

So spoke Coach Larry Weise of undefeated St. Bonaventure, which meets LaSalle for the Quaker City Basketball Tournament championship tonight in the third game of a tripleheader at the Palestra.

The Swicks, of Alachua, Fla., had stayed in town after attending the Gator Bowl football game.

Another executive among the dead was Wade Hildinger of Buffalo, N.Y., vice president for sales of National Gypsum Co.

HAD BEEN INSPECTED

Mayor Haydon Burns, commissioner of the police and fire departments, said city fire marshals inspected the hotel within the past 10 days and found it complied with all fire safety rules.

"There is no negligence involved in this fire in any way," the mayor said. "We know that the origin was in the ceiling of the ballroom, but the cause has not yet been determined."

William H. Johnson, who bought the Roosevelt in 1960 from the Meyer Hotel chain and spent \$1 million renovating the 37-year-old structure, said "the hotel was as fireproof as you can get a building. It is a sad thing that those people didn't stay in their rooms."

"The smoke just built up and people panicked," Johnson said. He said he was not at the moment concerned about damage and had no accurate estimate. There is insurance, he said, but that he didn't know the extent of coverage.

A woman who plunged to death when an improvised rope of sheets and blankets broke was identified as Mrs. Marian F. Curry, 43, of Santiago, Chile, and formerly of Greensboro, N.C. A medical examiner said she died of multiple fractures.

Greek King Calls For New Elections

ATHENS, Greece (AP)—King Paul decided today to call elections for a new Greek Parliament in an attempt to solve Greece's political crisis.

The king decided to dissolve the Parliament elected Nov. 3 after leaders of the nation's two major political parties couldn't form a government and refused to work together in a coalition.

The palace announced the king had asked Ioannis Paraskevopoulos, 63-year-old deputy governor of the Bank of Greece, to head a caretaker cabinet and hold the elections.

ONE HUNDRED YEARS AGO

Pernicious Practice: Many persons have a habit of lowering the gas lights in their bedrooms to a faint jet at night. This, to say nothing of its pernicious influence upon the health, may be productive of serious accidents. When the gas is reduced so low a very slight cause — the buzzing of a fly even — will serve to put it out and the sleeper is left to inhale a poisoned atmosphere or to incur the risk of an explosion should anyone chance to enter the room with a light. Where gas lights are this lowered a glass should always be used as a protector to them but it is safer and better to avoid the practice altogether.

Bank In New Oxford: A National Bank for a permanent Depository of U. S. Funds, we learn, is in contemplation at New Oxford in this county. About \$20,000 have already been subscribed.

Re-enlistment Of An Entire Veteran Regiment: All of the men, except the Colonel, of the 29th Pennsylvania regiment, have re-enlisted for three years. These men have carried the flags through the Shenandoah Valley, at Antietam, Fredericksburg, Chancellorsville, Gettysburg, Lookout Mountain and at Ringgold, and at no time faltered in their duty to their country.

Jenny Lind, it is said, has lost her voice. This is said to have made itself painfully apparent on the occasion of her singing in the "Elijah" of Mendelssohn, lately, in England.

Messrs. Sheads and Buehler of this place have been appointed agents for Tapsco's well known Line of Liverpool and London Packets. The Liverpool Packets sail twice a week between Liverpool and New York. The London packets leave New York and London every ten days. Persons desiring to send for their friends in Europe can procure passage tickets for them at very low rates. Letters of credit and drafts, payable in any part of Great Britain, Ireland or the Continent of Europe, can always be obtained at the lowest prices.

We tender the compliments of the season to our readers — wishing them many a "Happy New Year." From some symptoms in the last few days we feel inclined to think our Carrier will be about on Friday morning with a New Year's Address; and we bespeak for him a kindly reception and a liberal compensation for his services in the past year. Don't forget him, friends.

SEVENTY-FIVE YEARS AGO
Wealth Of The Presidents: Washington left an estate worth \$300,000. John Adams was not worth \$50,000. Jefferson died so poor that if Congress had not given him \$23,000 for his library he would have been bankrupt. Madison was economical and yet left but a small estate. Monroe died poor. John Quincy Adams left \$50,000. Jackson left a large landed estate. Van Buren died worth \$300,000. Polk left \$150,000. Fillmore was wealthy. Pierce saved \$50,000. Buchanan left \$200,000. Lincoln, \$175,000. Johnson \$50,000. Grant, notwithstanding the losses to which he was subject, had a handsome support in the fund provided for him by his friends, and the sales of his book enriched the family. Hayes is said to be in a handsome financial condition. The Garfields enjoy a liberal pension and the income from a large fund contributed by the public. Cleveland will no doubt save \$50,000 from his Presidential salary.

Today's Talk

ON PASSING JUDGMENT

Nothing is easier than misjudging the motives of another. We have so little mastery over our moods. So often they lead us into great trouble. Every once in a while, though they lead us into happiness. That's when we "judge not, that we may not be judged!"

I like the idea of always looking for the good in people — going right after the fine points of a friend, as though you were on a discovery expedition — as, of course, you are. And then, it is much easier to find the good in people, than the bad for the good always is uppermost.

Often people seek to be "clever" by saying something that is sure to hurt the feelings of another, though apparently said in jest. But something sharp underneath cuts in and leaves its scar.

We need to pass judgment upon our own inner mind workings, continually, that we may create within our own mind just judgment and appraisal upon the minds of others.

Nothing is more fundamentally true of a fine grained character than an abundance of tolerant and charitable feeling. Big people rarely pass judgment, and mostly when they do, it is passed silently within their own minds. It isn't let out to hurt where hurt should never enter. We never know the silent struggle of another's heart or spirit. All too often it is veneered by a beautiful bravery and a Spartan courage. There are some places within the human heart that God alone can fathom.

By being respectful to ourselves, and by being great to others kindly, considerately and with understanding. But if we try to pass judgment, it is such a risky business. Too often it lands in just the wrong place!

Right thought sweeps out the heart like a new broom. Into clean minds all beauty likes to find a lodging place. You can't misjudge motives and character when you look through clear eyes from a clean mind and heart!

Just Folks

CREED FOR THE NEW YEAR
The good in all I know to see,
To think a little less of me
And more of others;

To keep in mind my fellowman,
And this, though differing caste or clan,
We still are brothers.

To give the little I command;
Not waiting till I've more in hand,
Which may be never;

To treat with fairness every man,
Believing that is better than
Being shrewd or clever.

To wake with joy to greet the day,
Keep fit with children small to play,
Share grief and laughter.

To aid when chance to help is near —
Not just the first day of the year,
But all days after!

Masonic Banquet: On Thursday evening Good Samaritan Lodge No. 336 celebrated the festival of St. John's Day by their annual reunion and banquet. It was one of the most enjoyable social events in the history of the lodge. Fifty-two members sat down to a table richly laden with the delicacies of the season and it is scarcely necessary to add all enjoyed it. The supper was prepared by the Lewis Ramer Worshipful Master H. J. Stine presided. After the inner man had been satisfied, responses were made to toasts by H. D. Scott Chas. S. Duncan, Daniel Skelly, Calvin Hamilton and W. S. Schroder.

Christmas Observances: Rarely has nature given us so perfect a Christmas day, as it did last Tuesday. The day was clear, bright, calm and there was a touch of spring balm in the air that brought out more than one bluebird to warble his sweet notes. The day was generally celebrated in Gettysburg. There was the usual exchange of gifts among members of families and personal friends; the children were supremely happy over their toys, books and bonbons, and Christmas trees brightened up many homes. The streets were quiet and orderly and there was less intoxication and carousal than on many Christmas-masses of the good old times. We have not learned of a single incident to mar the pleasure of the day. Early morning services, well attended were held in the Catholic, Methodist and Re-

St. John's Council will meet this evening at 7:30 o'clock at the church. Holy Communion services will be held on Friday at 7:30 p.m. and next Sunday at 8 and 10:15 a.m. The annual congregational meeting will be held on Sunday, January 12. Treasurers of the various organizations are requested to have their annual reports in as soon as possible.

Four active players in the National Hockey League have played in more than 1,000 games. They are Gordie Howe and Bill Gadsby of Detroit, Red Kelly of Toronto and Doug Harvey of New York.

Bullets Surprise By Downing Westminster To Take Tourney Title

Play Superb Defensive Ball In 59-48 Victory; Mount Wins Consolation

Connecting on 25 of 32 free throws and turning in a fine defensive performance, the Gettysburg College basketball team upset favored Westminster to capture the first annual Battleground Basketball Tournament, Saturday in the Bullets' physical education building. Approximately 1,300 fans saw the Bullets topple the Titans 59-48 after Mt. St. Mary's routed American University 80-62 in the consolation engagement.

Junior southpaw George Strouse, Gettysburg's scoring ace, was voted the tournament's most valuable player by the four coaches of the respective participating teams. Strouse rammed through a total of 42 points in the two games, but it was his pin-point foul shooting which played an important part in the Bullets' title. Strouse landed 12 of 14 charity tosses against Westminster and finished the tourney with an amazing 22 for 24.

ALL-TOURNEY TEAM

Strouse was also a unanimous choice for the all-tournament team which the coaches selected following the last game. Henry T. Bream, director of athletics at Gettysburg College, presented his coach, Bob Hulton, with the championship trophy and awarded Westminster coach "Buzz" Ried with the runner-up trophy. The players on the first, second and third place teams were awarded gold, silver and bronze medals, respectively. The coaches' all-tournament team consisted of Strouse and Doug Kepner, Gettysburg; Dixie Rowlands and Lou Skurcenski, Westminster; and Mike Costello of Mt. St. Mary's.

The title game, marred by poor shooting on the part of both teams, resulted in low scoring. Gettysburg jumped to a 7-3 lead after five minutes on the strength of Don Szegda, Kepner and Chris Sirms. Dave Schreengost and Jack Lockwood ten rammed through five straight points to put Westminster in a 8-7 lead at the 11:47 mark.

During the next six minutes Lockwood, Bob Oravetz and Dixie Rowland bolted the Titans to an 18-14 advantage. Kepner, Jim Ruck and Strouse started connecting with nine straight points and Gettysburg held a 23-20 advantage at intermission.

Westminster never regained the lead although Skurcenski and Rowland knotted the count at 40-40 and 42-42 with 5:31 remaining. Strouse and Sirms then pushed the Bullets into a 51-48 lead with 2:10 to go. The titans, in a desperate attempt to gain possession of the ball, began fouling. Strouse, Sirms and Szegda closed out the scoring by landing eight consecutive charity tosses.

Strouse topped Gettysburg with 18 points followed by Kepner's 12. Skurcenski and Lockwood each netted ten for the Titans. Kepner again topped all rebounders with 14.

COSTELLO LEADS MOUNT

A 24-point performance by Mike Costello gave Mt. St. Mary's its third place position in the tourney. The Mountaineers' victory avenged an earlier one-point setback at the hands of the American U. squad.

Mt. St. Mary's built a 17-9 lead after the first 12 minutes of the game, but in the last eight minutes Ben Still and Jack Townsend had sent the Eagles to a 28-27 lead at the half. American continued to hold the upper hand until the 13:18 mark when Ed Folk and Mike Johnson swished nine tallies and the Mount was in the driver's seat for the remainder of the game with a 48-41 lead.

Four minutes after Folk started the surge, the 6'5" rebounder sustained an injured left ankle and was forced to leave the game. Lou Martine and John Carrell took over on the boards and the Eagles were held to three goals in the last six minutes. Both coaches cleared their benches in the late moments of the contest.

Costello landed seven of 20 field goals and went 10 for 14 from the foul line. Jim Shickora and Ron

Rawlins paced American with 22 points each.

LEHIGH HERE SATURDAY

Gettysburg will resume its regular schedule next Saturday evening when it entertains Lehigh University in a Middle Atlantic Conference game. The respective frosh will meet in the 6:45 preliminary. Bob Hulton's cagers are currently 4-3 on the season, winning their last four outings.

Mt. St. Mary's will wait until January 7 to play. The Mountaineers, 6-3 on the season, will journey to Westminster to meet Western Maryland in a Mason-Dixon clash.

1ST NFL TITLE IN 17 YEARS FOR CHICAGO

By JOE MOOSHIL

Associated Press Sports Writer CHICAGO (AP) — The old man's twinkling eyes were watering. He raised his arms in gesture of celebration and then hopped around the dressing room congratulating his beloved Chicago Bears.

"It was great boys, thanks a million," shouted 68-year-old George Halas who overcame waves of criticism in recent years and once again led the Bears to another National Football League championship.

The Bears—their splendid defense controlling the game—had defeated the New York Giants 14-10 for the championship.

The defense had picked off five Y.A. Tittle passes for key interceptions, the last coming in the dying minutes of the game by Richie Petitbon, assuring the Bears their first title in 17 years.

Linebacker Larry Morris and end Ed O'Bradovich were among the heroes. Their interceptions set up short plunge touchdowns by quarterback Bill Wade.

"We started the season with the No. 1 defense in the league and ended it with the No. 1 defense," gloated Halas. "I never had any doubts about this team."

"This has to be my biggest personal satisfaction," said Halas.

DODGES RETIREMENT QUESTIONS

Spry and cagey, Halas sidestepped questions hurled at him about the possibility of his retiring from the league he helped originate more than 40 years ago.

Morris, who rammed 61 yards with an interception staging the Bears' first touchdown, was by far the club's most valuable player. Not only for his interception but for his harassing charges at Tittle and his deadly tackling of Giant runners.

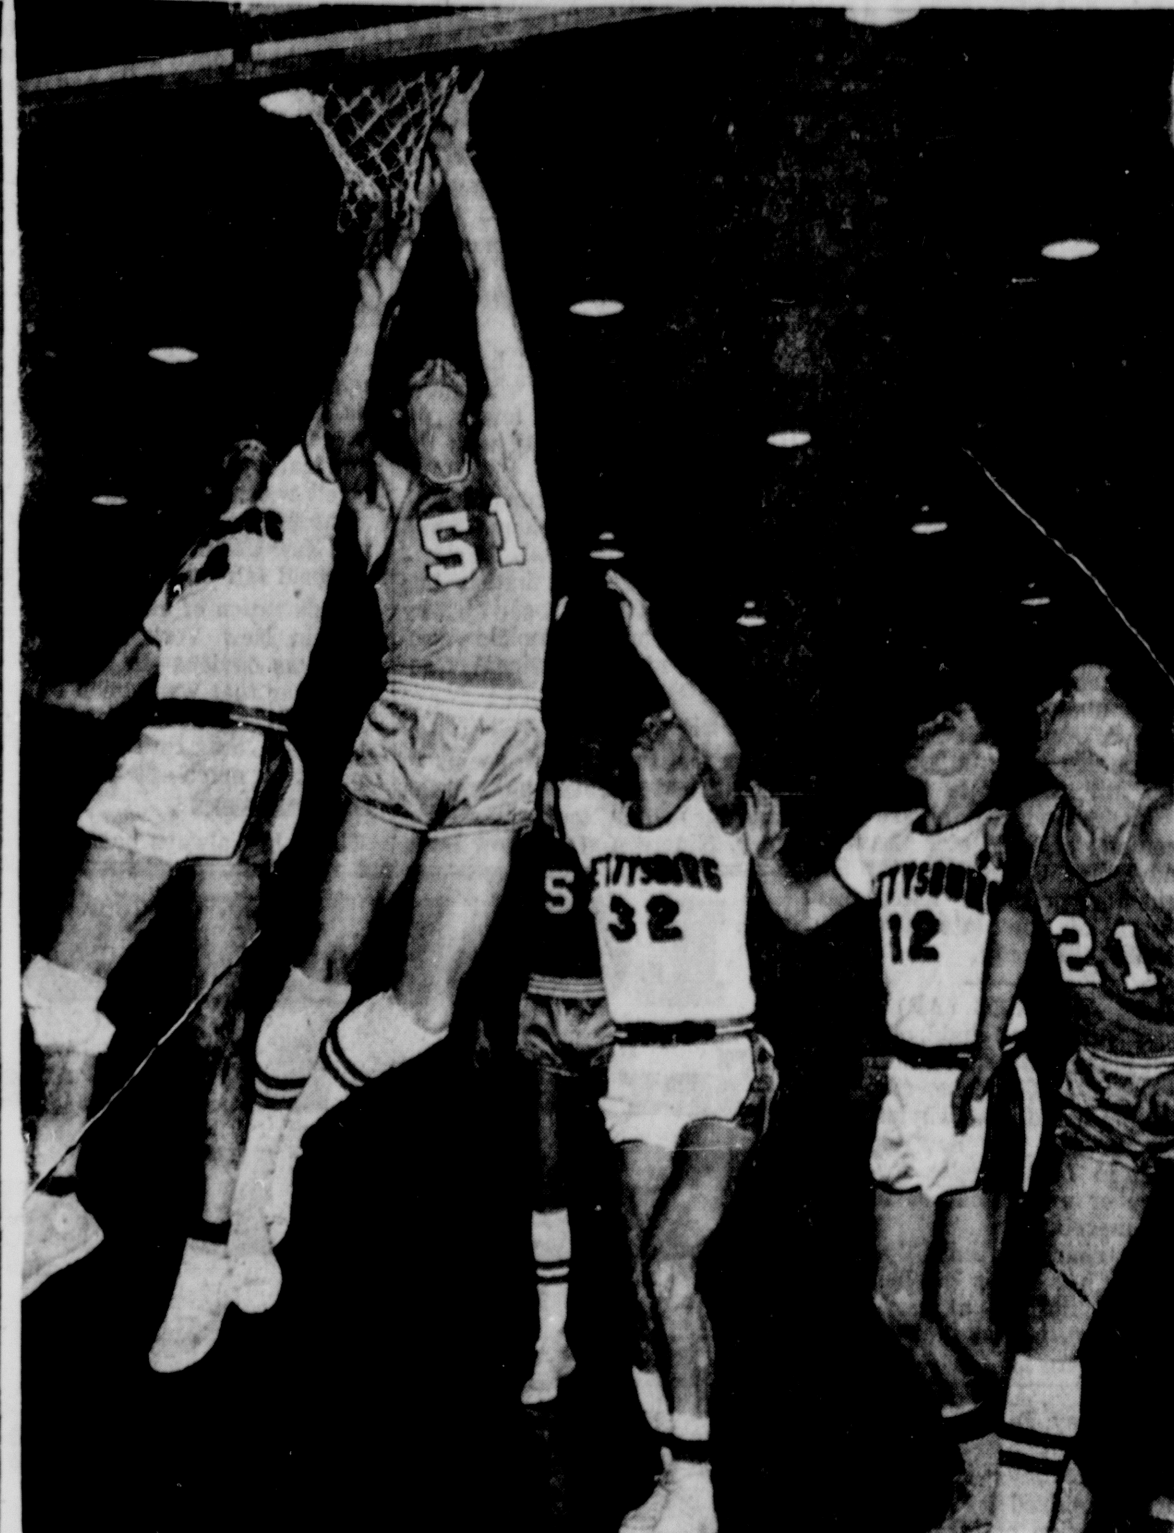

"Sure I was trying to go all the way with that interception," said Morris. "I'm no halfback."

but I was afraid of being hit."

O'Bradovich, one of the Bear young bloods, was beside himself. "Wasn't it a great catch? I grabbed it with one hand. All I wanted to do was go, go, go. Reminded me of the passes I used to catch when I was at Illinois."

The Giant refused to alibi for their third title loss in as many years despite an obvious injury to Tittle. Tittle was hit from the side in the second quarter and had to leave the game. He came back and played the entire second half on a wobbly left knee.

Allie Sherman, the youthful Giant coach who has guided his team to three Eastern Division titles, had nothing but praise for his 38-year-old quarterback.

"All this talk about not being able to win the big ones is a lot of bunk," said Sherman. "Tittle has played in more big ones in the last few years than anybody around and he has won more than his share. Most men would not have gone out there in the second half but he did."

"The Bears played a good game, they deserved to win," said Sherman.

New first base coach Jim Gleason of the New York Yankees had been scouting for the Kansas City Athletics the last two years.

COTTON BOWL HAS BEST CARD FOR JANUARY 1

By MURRAY CHASS

Associated Press Sports Writer With Texas and Navy ready to battle for college football's unofficial championship, the bustling bowl season reaches its peak this week as fans get the chance to put aside their annual hangovers temporarily in favor of the big four post-season clashes.

The Cotton Bowl has by far the biggest and most interesting attraction for New Year's Day, but it still must share the spotlight with the Rose, Orange and Sugar contests. Four other bowls help conclude the college season this week.

Another quartet of games had their fling last Saturday. North Carolina walloped Air Force 35-0 in the Gator Bowl, the East and the West fought to a 6-6 tie, the Gray took the Blue 21-14 and Western Kentucky had an easy time with Otto Graham's Coast Guard in the Tangerine Bowl, winning 27-0.

NAVY INVASION

Roger Staubach and his second-ranked Middle mates invade the lair of the Texas Longhorns, the country's No. 1 team in the regular season, for the Cotton Bowl at Dallas. Unbeaten Texas will have to fend off the East's best to remain first in the minds of the nation's fans.

Illinois faces a relatively weak West Coast representative, Washington, in the Rose Bowl. Big Eight champion Nebraska meets Auburn in the Orange and Mississippi battles Alabama in a neighborhood get-together in the Sugar Bowl.

In a prelude to the big day Southern Methodist, lone conqueror of Navy, plays Oregon in the Sun Bowl on Tuesday. Finally, three all-star contests—the Senior, the Hula and the Southwest Challenge bowls—round out the schedule Saturday.

BIGGEST SURPRISE

North Carolina supplied the biggest surprise last Saturday while the Shrine game in San Francisco provided a picture of utter frustration.

The Tar Heels, considered just a slight favorite, easily trampled Air Force at Jacksonville, Fla. Powerful halfback Ken Willard and quarterbacks Junior Edge and Gary Black sparked the North Carolina offense while the defense stymied Falcon quarterback Terry Isaacson.

The East and the West started their 39th annual contest with an even amount of points scored—455. When it was over, they were still even.

PERFECT SEASON MARKED

Two missed extra point attempts helped the frustration. Pete Beathard of Southern California booted his try wide after Baylor's Don Trull hit Willie Brown of Southern California with a 25-yard scoring pass in

Bears Steal Five Tittle Passes And Trim Giants 14-10 At Icy Wrigley Field

By CHARLES CHAMBERLAIN

Associated Press Sports Writer CHICAGO (AP) — The cheering bandits of the Chicago Bears have made their biggest haul.

They made the main contribution in the Chicago Bears 14-10 victory over the New York Giants Sunday for the National Football League championship.

It was the Bears eighth, but the first for Papa Bear George Halas since 1946, when the Giants again were beaten.

45,801 LOOKED ON

In a daring, daylight caper before 45,801 fans in the deep freeze of Wrigley Field, and many others watching television, the Bears' Jesse James boys robbed big money man Y. A. Tittle blind.

Five times they stole passes from this bald, 38-year-old phenom, who crippled a knee in the second quarter but courageously returned after halftime treatment to play the rest of the game.

Two of the interceptions set up Bear touchdowns, in the first and third periods.

Two others were flched in the end zone as Tittle, the NFL's top passer this season, desperately tried to hurl long scoring bombs in the fading minutes of a tense last quarter.

MORRIS VOTED MVP

Putting the final clamp on the Giants hopes were the deep interceptions by Bennie McRae as Tittle opened a siege from the Giant 36 and by Rich Petitbon as the master quarterback unleashed a shot from the Bears' 37.

But the best frisking Tittle and the Giants got was a right linebacker Larry Morris, a 230-pounder, and mountainous right end Ed O'Bradovich.

Morris, voted the game's most valuable player, heisted a Tittle flip in the first period and galloped 61 yards before running out of gas on the Giant five.

With eight seconds left before the first quarter ended, Bill Wade went over from the two on a quarterback sneak.

Bob Jencks added the extra point and the game was tied 7-7. The Giants had scored the

third quarter. Pitt fullback Rick Leeson's kick was blocked following a 10-yard touchdown scout by Michigan State's Sherm Lewis in the final period.

At Montgomery, Ala., Georgia quarterback Larry Rakestraw poured it on the Blue with touchdown tosses of 44 and 10 yards to Mallon Faircloth of Tennessee. In all Rakestraw hit on 14 of 22 aerials for 177 yards.

And Western Kentucky, an undefeated team itself, spoiled Coast Guard's perfect season at Orlando, Fla. Sharon Miller completed only two of six passes but both went for touchdowns.

first time they got the ball Wade, who played the entire game, was shaken from the ball when Dick Lynch and Sam Huff hit him. Erich Barnes recovered it for the Giants on the Bear 41.

In seven plays, New York scored on a 14-yard pitch from Tittle to Frank Gifford. Don Chandler converted.

Early in the second period, Tittle's arm zeroed in on another goallard thrust. The Giants moved 59 yards as the Bald Eagle brought up the blood pressure of 68-year-old Halas with a 36-yard aerial to Aaron Thomas.

BEAR DEFENSE HELD

But the Bears' defense, the best in the league matched against the No. 1 offense in this showdown, held.

Chandler eventually booted a 13-yard field goal and the Giants moved to a 10-7 edge.

With eight minutes remaining, Tittle slipped going back to pass and was hit by the charging Morris. He limped from the field and Lynn Griffing replaced him.

The Giants quelled Wade's passing attack and held the 10-7 lead at halftime.

47-YARD RUN

Tittle returned at the start of the second half. The Giants seemed to be on the move again, as Hugh McElhenney ran back the kickoff 47 yards.

But Davey Whitsett picked off Tittle's pass near the Bear 25 and from there the Bears drove 59 yards.

Eating up 53 of the yards were two tosses from Wade to Joe Marconi, then Wade's touchdown aerial attempts failed three times from the 21 and Roger LeClere's field goal try from the 28 was wide.

With 2:12 left in the quarter, Tittle's screen pass was hugged in by the 255-pound O'Bradovich, who rammed 10 yards to the Giant 14. Wade speared Mike Ditka for 12 yards and eventually sneaked inches for the decisive TD. Jencks again added the point.

The Bears appeared ready to score again early in the fourth quarter after Petitbon recovered Joe Morrison's fumble on the Bear 49. But the Bears could penetrate only to the 25 and LeClere's field goal try from the 34 again was wide.

It was then that Tittle twice herded the Giants on frantic drives that ended with interceptions by McRae and Petitbon.

The triumph generally was considered an extremely popular one because of Halas, who pioneered the NFL and went 71 in the red in the 1921 season when his team won its first championship.

Only two years ago there was some cry from critics that owner Halas fire Coach Halas. In fact, he was hanged in effigy outside Wrigley Field as the season ended.

Scranton Believes He Can Handle Job Of Presidency

By RICHARD L. GRAVES
HARRISBURG (AP) — Gov. Scranton believes he could do the job of president of the United States. In the long run that may be the most significant statement of many he released last week.

It is significant mainly because it opens the door further — a good bit further, it seems here — on his availability as a Republican presidential prospect.

It also indicates Scranton has measured himself against the job of president. He feels he has measured up to it.

ANSWERS OWN QUESTION

And, of some significance in the verbal minut of pre-convention statement — making Scranton's declaration came at a news conference — but in answer to a question he asked himself, not one asked by another. It went this way at the now-famous long political conversation of Dec. 19:

"Q. Governor, in light of your being available for an honest and sincere draft — can we assume from this that you consider yourself qualified to be president of the United States?"

"Scranton: Oh, Dick, that's a dirty question. Is anybody fully qualified to do every phase of that job? I don't suppose so. It's extremely variegated and heavily burdensome, but the most important job in the world. Do I think that I could do the job if I had it? Yes, I do."

LOW SWING

So what exactly happened in that exchange? First, the newsman (who happens to be the writer of this column) was advised he had swung low.

Then the governor rephrased the question to suit himself and answered, i.e., to the effect no one is truly equipped to do every phase of the president's job.

Then he took it a step further. He asked himself if he could do the job. He said yes.

So much for what he actually said. What implications can be drawn from the exchange?

Well, so far in his public career every time Scranton has run for office his opponents have attacked him as unqualified because of what they termed lack of experience. This was particularly true when he ran for governor last year.

If he were to become a candi-

date for any higher office, the same line of attack probably would develop.

Thus, it does not seem unfair to say that Gov. Scranton is somewhat defensive about "qualifications" in terms of long experience in public office or some such other artificial criteria. He says he thinks he can do the job with the background he has. In public life that includes a term in Congress and one year as governor.

It would also be noted that the governor gave an unqualified "Yes, I do" to his own question on whether he could do the job. That terse statement came from a man who tends generally to answer questions with highly qualified replies and occasional verbal footnotes.

NO CONFUSION

The result: He left no room for confusion about how he feels in his own mind about his capacity to be president.

It is pointless to discuss possible other answers he might have given to his own question. However, it is clear that an outright negative answer would have short-circuited his presidential prospects. Convention delegates would be unlikely to support a person who has publicly said he couldn't do the job. So, once again Scranton pointedly ignored an opportunity to take himself out of consideration for an office he contends emphatically he doesn't want.

(The other opportunity would be to issue the famous Sherman statement: "If nominated I will not run, etc." Scranton says no modern American should say that.)

Scranton's terse "yes, I do" avoids the negatives and the verbal qualifications and all the other word hedges of politics. He was short, direct and positive.

It was a well-considered reply to his own well-considered question. Look for more of the same in the coming weeks.

WASHINGTON (AP)—James Meredith, first Negro graduate of the University of Mississippi, plans to leave next April for a trip through Europe, the Middle East and Africa, then enroll at Nigeria's University of Ibadan next fall for graduate studies. He made the announcement in Washington Friday.

U.S. WANTS PAY FOR DAMAGES TO LEGATION

By ERIC WAHA

VIENNA, Austria (AP)—The United States is demanding compensation from Communist Bulgaria for damages done to U.S. property Friday when 3,000 Bulgarians demonstrated outside the American Legation in Sofia.

The demonstrators overturned four American cars and smashed all windows on the legation's first three floors by hurling chunks of ice from the streets.

There was no immediate estimate of the damage. None of the legation's personnel was injured.

STRONG PROTEST

The U.S. demand for compensation was made in a strong protest in Sofia to the Communist government of Premier Todor Zhivkov by the ranking legation official, Richard Johnson. Johnson is in charge of the legation in the absence of Mrs. Eugenie Anderson, U.S. minister to Bulgaria, who is on vacation.

Johnson, reached by telephone today, said "all is quiet now." The attack appeared to be in retaliation for the alleged U.S. employment of former Bulgarian diplomat Ivan Asen Christov Georgiev, 56, as a spy.

MOB VIOLENCE

The mob descended on the building 24 hours after the former second man in Bulgaria's U.N. delegation pleaded guilty before the supreme court in Sofia of spying for the U.S. Central Intelligence Agency for seven years. He testified he was paid a total of \$200,000 from 1956 to 1963 by the CIA and spend most of the money "to meet the needs of my girl friends."

A U.S. Legation spokesman charged Bulgarian authorities took their time in dispatching police to the besieged building. This contradicted a report issued by the official Bulgarian Telegraph Agency, which said the demonstrators were quickly dispersed by mounted police.

Public demonstrations in Communist lands are usually government-inspired, a view held of this outbreak by U.S. officials in Washington. They theorized that the Bulgarian communists may have wanted to show Communist China it is not "soft on the United States."

AUTO TAG TABS NUDGE BUDGET FOR NEW YEAR

By J. W. DAVIS

Associated Press Writer
WASHINGTON (AP) — About the time you get Christmas paid for, it will be time for another annual expense — automobile tags.

This is an item that has been going up generally, with more and more cities and towns getting into the act along with the states.

The top charges run as high as \$72.95, in Oklahoma, and \$69.35, in Minnesota.

A mass of information has been gathered about car tags by the American Automobile Association and the National Geographic Society.

LONGER USE

For one thing, there seems to be a trend toward making the tags good for more than one year. Nineteen states now issue

stickers or tabs instead of requiring an annual replacement of plates.

Also, more states each year are using reflective plates. These cost a little extra to make, how much depending on how many years they are supposed to last.

The average cost of manufacturing tags runs about 15 to 30 cents. Nearly all are made by prison labor. The size is now a standard 12 by 6 inches, after many years of variety.

ADVERTISE STATE

Various states like to use the tags to advertise their special qualities or attractions. Only infrequently is there any objection from car owners, but it was reported recently that one citizen threatened to go to court to prevent New York from advertising its world fair on his 1964 plates.

Registration of autos began in 1901, in New York State. The need was obvious—to help identify a car that was stolen or involved in an accident. At the beginning the revenue didn't amount to much—\$1 a car.

HIROSHIMA, Japan (AP) — The Hiroshima Atomic Casualties Hospital reports 41 persons died this year of so-called "atomic bomb diseases" — illnesses attributed to the 1945 atomic bomb drop on this city. This is one more than last year.

cial appeal in low numbers, these usually being reserved for top state officials. Peculiar combinations also are popular.

A Wisconsin man named Ole Lee managed to get plates numbered 337-370 which he put on upside down, to spell his name. Mickey Mantle, whose baseball uniform carries the number 7, got plates with the number 77-7777. Heavyweight boxer Rocky Marciano once had the letters KO.

By paying an extra fee Connecticut car owners have been allowed to get special combinations of four letters. Two teen-aged friends had galoppies that sported rock and roll. A man named Krout was happy with tags reading sour.

The latest victim was a girl born in Hiroshima two days after the bomb fell. The hospital said she died of acute leukemia of the marrow last month.

Since it was opened in September 1956, the hospital has treated 152,495 patients with illnesses it says stemmed from atomic causes.

CUNEO, Italy (AP) — Police reported Saturday Giuseppe Giraudo, a 53-year-old carpenter, went through elaborate preparations, then doused himself with gasoline and committed suicide by fire.

Police said Giraudo bought a coffin several days ago, signed a contract for a cemetery plot, took a photograph of himself to be put over his tombstone, and then on Christmas Day mailed a letter to the police informing them of his plans to commit suicide.

Police received the letter Friday and hurried over to Giraudo's house where they found his charred body.

They did not disclose the motives for his suicide.

Cites Social Consequences Of General Birth Control

By FRANK CAREY
CLEVELAND (AP) — World-wide application of birth control methods might lead temporarily to a situation wherein many people would have children only when it was considered "fashionable" to do so, a French scientist said today.

And this, and other possible social consequences of widespread control over human reproduction "might lead to a complete revision of our ideas about marriage and family," declared Dr. J. Bourgeois-Pichat, director of France's National Institute of Demographic Studies, Paris.

Saying that if worldwide contraception becomes a reality, people might be left temporarily without specific motivations for planning a family, the researcher told the 130th meeting of the American Association for the Advancement of Science:

MAKE PREDICTIONS

"Having a child may then become an event following fluctuation of fashion . . . (and) . . . there are always something like 20 per cent of people who are ready to follow one way or another, depending on the fashion of the moment."

"We may therefore be prepared to see births fluctuating from years to years, with all the inconveniences that follow on education, employment, and so forth."

Bourgeois-Pichat was one of four panelists appearing on a special symposium on "Biological and Sociological Research on the Effects of Human Reproduction Control."

During the discussions, these predictions were made by one or another of the speakers:

WITHIN CENTURY

There is likely to be virtually complete control over reproduction available for humanity as a whole "within a century or so."

New, "perfectly safe" and easy-to-use contraceptive devices may become available during the next decade. (Devices presently available were rated, however, as posing only minimal risk.)

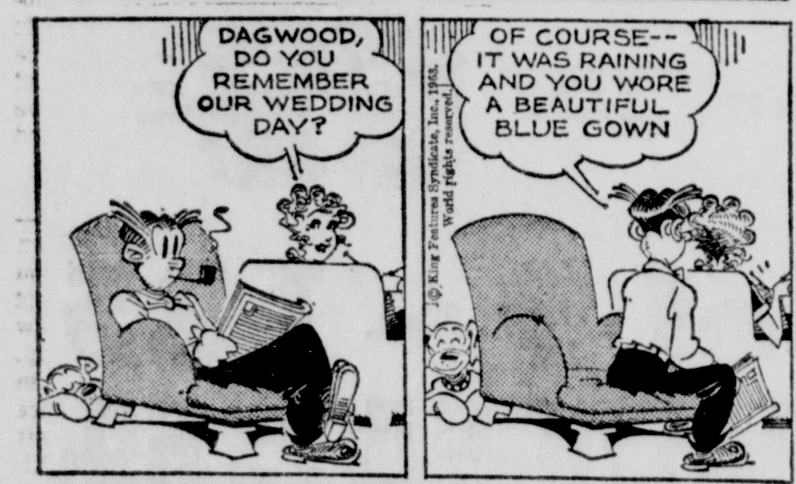

It is probable that in the future the sex of the child will be controlled prior to birth.

While economic gains appear likely, some social consequences may be adverse.

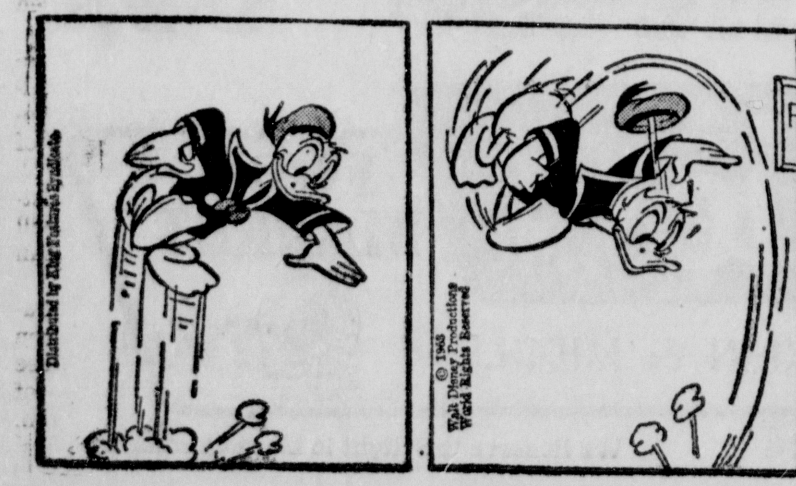

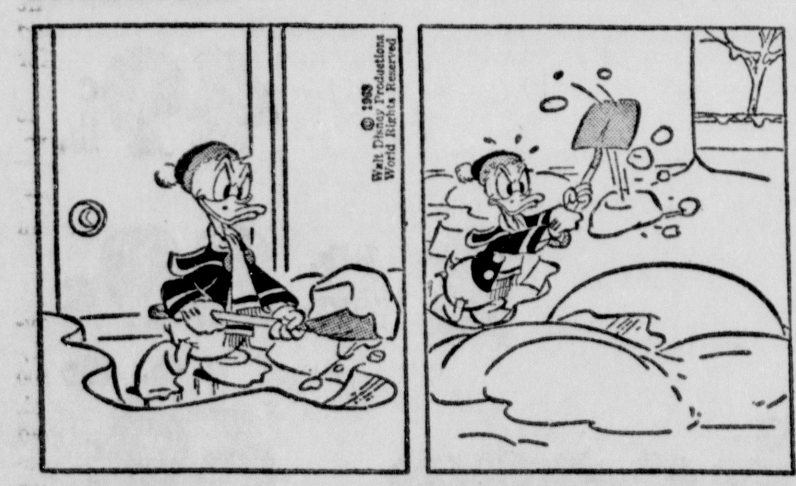

PARIS (AP) — The official French Communist party newspaper Humanite today praised President John F. Kennedy and Pope John XXIII as "two men who took into account the realities of our times."

In a year-end review, the newspaper also noted with pleasure that after Kennedy's assassination Nov. 22, President Johnson "gave assurances that nothing would be changed in the policies of his predecessor."

Darlene Hard Is Given Top Rating

NEW YORK (AP) — Darlene Hard of Long Beach, Calif., is the choice of the United States Lawn Tennis Association's ranking committee to head its women's singles rankings for the fourth straight year. Miss Hard's selection must be approved at the USLTA's annual meeting to be held in Corpus Christi, Texas, Feb. 15.

Wimbledon champion Chuck McKinley of St. Ann, Mo., was the committee's selection to head the men's rankings.

Billie Jean Moffitt of Long Beach, Calif., is second to Miss Hard in the USLTA ratings. Miss Moffitt was the Wimbledon runner-up losing to Margaret Smith of Australia last summer.

CHIEF LOGAN KEEPS TITLE; BIGLER LAST

Chief Logan successfully defended its title in the third annual Northern invitational wrestling tournament at Dillsburg Friday and Saturday by piling up a total of 69 points. Bigler finished last in the eight-school affair with 21 points.

Other team scores were: Big Spring 50, West York 46, Middletown 43, Spring Grove 35, Northern 31, and Cumberland Valley 30.

John Pitzer, 154, gained a second place for the Cannons. In the semifinals he won on a fall and then lost a 5-4 overtime match in the finals.

Fred Hartman, 180, won on a default in the consolation for a third place.

Three other Cannons dropped decisions in the consolation. Jim Bosserman, 95, lost 2-0; Don Heckman, 145, 5-2; and Tommy Thompson, 165, 4-2.

Bigler will resume its regular schedule on Saturday when it meets Susquehanna at Perdis in a Blue Mountain League match.

ONE BUFFALO TD

Burton had been sidelined since last August because of a slipped disc that required surgery. When Boston moved to reactivate him, Buffalo President Ralph Wilson protested that the move was in violation of the AFL constitution.

Foss said it wasn't. Foss won. So did Boston, with Babe Parilli connecting with Larry Garrison for touchdown passes of 59 and 17 yards and Gino Capelletti kicking four field goals, and both extra points. Buffalo's only touchdown came on a 93-yard pass play from Daryle Lamonica to Elbert Dubenion late in the third quarter.

Garrison, meanwhile, grabbed individual honors in rushing and pass receiving. He gained 44 yards in 19 carries—by contrast Buffalo's highly regarded Cookie Gilchrist managed only seven yards in eight carries on the icy field—and grabbed four passes for 120 yards and the two TDs. His performance was applauded by Lou Saban, his college coach who admits he used devious methods to keep Garrison in school, before eventually getting him a job with the Patriots.

Garrison was set to quit school when Saban learned of his decision. He immediately pilfered his suitcase and hid it long enough to persuade Garrison to stay at Southern Illinois. Together, the two moved on to the Patriots, Garrison as a player and Saban as the coach.

DUBLIN (AP) — Playwright Brendan Behan was found lying in a Dublin street today, unconscious with head injuries.

He underwent an emergency operation at Meath Hospital, where he was reported in fair condition.

Police were uncertain whether Behan, 40, was the victim of a hit-and-run driver or suffered a fall. He was found in the area where his parents live.

Behan was released from a hospital only Sunday after five days of treatment for diabetes.

NEW YORK (AP)—The Rev. Martin Luther King Jr., a leader in the Negro drive for civil rights, has been named Man of the Year by Time magazine. He's the first Negro to win the award, begun 37 years ago.

The weekly news magazine said King "has made himself the unchallenged voice of the Negro people—and the disquieting conscience of the whites."

PALM BEACH, Fla. (AP) — Mrs. John F. Kennedy attended a private Mass Sunday at the Palm Beach home of her father-in-law, Joseph P. Kennedy.

Richard Cardinal Cushing, Roman Catholic archbishop of Boston, said the Mass.

PALM SPRINGS, Calif. (AP) — Gene Tunney's son, John V. Tunney, says he plans to seek Democratic nomination to Congress from California's 38th District.

The seat is held by Rep. Pat Minor Martin, a Republican.

The elder Tunney, former world's heavyweight boxing champion, told a party in his honor at Palm Springs: "I want nothing except that you nominate and elect my son to Congress."

John, 29-year-old attorney, lives at Riverside, Calif.

HOCKEY TEAMS FIGHT TO HOLD LEAGUE LEADS

By THE ASSOCIATED PRESS
The American Hockey League races are as tight as college boys jammed into a telephone booth.

Victories by Baltimore and Providence over Pittsburgh and Cleveland Sunday night made the Eastern Division that way and kept the Western Division in a similar circumstance.

Hershey, Baltimore and Providence each has 33 points and a share of the Eastern lead while Quebec, victors over Buffalo, stands one point back. Pittsburgh and Cleveland remain deadlocked in the West with 40 points each.

HOLD HORNETS

Rookies prevented the Hornets from moving back into undisputed possession of first place as Baltimore won 3-0. Goaltie Gilles Villemure got his first shutout while Gordon Labossiere scored twice and Dave Richardson once. All are in their first year.

Providence jumped off to a quick lead against Cleveland, scoring twice in the first four minutes. The Barons never caught up, losing 5-2. Pierre Brilliant and George Ranieri fired home the early goals. Bob Beckett scored what turned out to be the winning goal, also in the first period.

Quebec, paced by Terry Gary, kept close to the Eastern leaders with a 5-1 triumph over the Bisons. Gray tallied twice as the Aces sent Buffalo down to its 14th loss in the last 18 contests.

Springfield took a 1-0 lead in the first period, but Gerry Eham scored twice in the same period and Rochester went on to a 4-1 victory.

Hershey was idle as are all of the teams tonight.

In Saturday night's action Pittsburgh walloped Baltimore 7-3, Cleveland crushed Quebec 7-2, Hershey downed Buffalo 5-2 and Springfield took Rochester 5-1.

WILDCATS FACE MINNESOTA FOR EASTERN TITLE

NEW YORK (AP)—Villanova could have trouble tonight as it takes dead aim on the Eastern College Athletic Conference's Holiday Festival basketball crown at Madison Square Garden. For the first time, the Wildcats are up against a team that's not undefeated.

Minnesota's rushing Gophers provide the opposition for Villanova. En route to the finale, the Wildcats toppled Dayton and Utah handing each its first loss.

But Minnesota is 7-2 and the question is whether the Wildcats will suffer a letdown against a team which has not only lost, but has lost twice.

The Gophers depend on a race-horse offense built around Mel Northway. Held to four points in the first half of Saturday's semifinal against St. Joseph's, Northway found the range after intermission and led Minnesota to a 69-63 victory. Villanova gained the finale by virtue of an 82-75 decision over Utah.

Wally Jones, a 6-2 standout, is Villanova's key. A deft passer, who likes to hand off, Jones has frustrated Coach Jack Kraft who wants him to take more shots but, as long as the Wildcats keep winning, Kraft can't complain.

St. Joseph's meets Utah for third place and St. John's of New York takes on Providence for fifth place in preliminary games Monday.

NEW TV STAR GAINS STATURE IN "JUNCTION"

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — Dentistry's gift to acting, Edgar Buchanan, appears to have found a steady job.

"I don't count on anything until it happens," says Buchanan. "But it looks pretty good."

He needn't be so cautious in talking about "Petticoat Junction," the television series in which he is a star. It has scored higher in the ratings than any other new show this season and appears a cinch to continue running.

"If it happens, that's okay with me," Buchanan said. "This series has cured my ulcer. I don't have to worry about where my next job is coming from—not for a while, anyway."

STEADY ROLE

Buchanan acted in 15 or more television series during the year, and he figures he's taking a loss by sticking with "Petticoat Junction." But it's steady, and he's getting more public recognition, and he'll be able to pick up some of that lush personal appearance money available to television stars.

"Petticoat Junction" could scarcely have been made without Buchanan, trafficking as it does in small-town humor. He has played more village rogues and grizzled deputies than he can remember.

The Buchanan sag is part of Hollywood legend—how he took a drama course at the University of Oregon because he needed to raise his grade average, how he got the acting bug and wanted to quit his medical studies, how his father, a doctor, urged him to study dentistry so he would have a profession to fall back on.

Buchanan practiced dentistry for 10 years, then came to the Pasadena Playhouse and was discovered by the movies.

CHICAGO (AP)—Robert Hall McCormick, 85, philanthropist and a grandson of a founder of the International Harvester Co., died Friday. McCormick, grandson of Leander J. McCormick, managed his grandfather's estate.

NUTLEY, N.J. (AP) — Dr. William A. Kelly, 63, noted psychologist and director of graduate studies at Fordham University School of Education in New York, died Friday after a short illness.

SAN FRANCISCO (AP) — George Wilson, 63, the University of Washington's first All-America football player, died Friday apparently of a heart attack while working. Wilson was a halfback on the 1925 All-America team.

A Lovelier You

By MARY SUE MILLER
BEAUTY PREPARATIONS. On a gala occasion, every lovely hopes to look her very loveliest. But, sad to say, there can

be a wide gulf between the wish and the reality. You know it! Do you know why? Sometimes a less than perfect appearance may be blamed on an unkind hand of fate. That surely would be the case if you did not feel up to par. Otherwise your looks are in your own hands. Your foreheadness!

Preparedness is the key to a party-pretty turnout and, if you are thinking in terms of New Year's Eve, you haven't a moment to lose. Don't go to bed this night until you have checked the costume you plan to wear, down to the last detail—dress, lingerie, stockings, shoes, jewelry, purse, gloves. Are all items in repair and ready to wear? Make needed repairs, instantly!

The last-minute stitch and dab of cleaning fluid only ends in a botched job. There may be a bungle, to, in a brand new costume. To avoid it, hold a tryout. Put on the works, from underpinnings to earbobs. That way, no slip-ups!

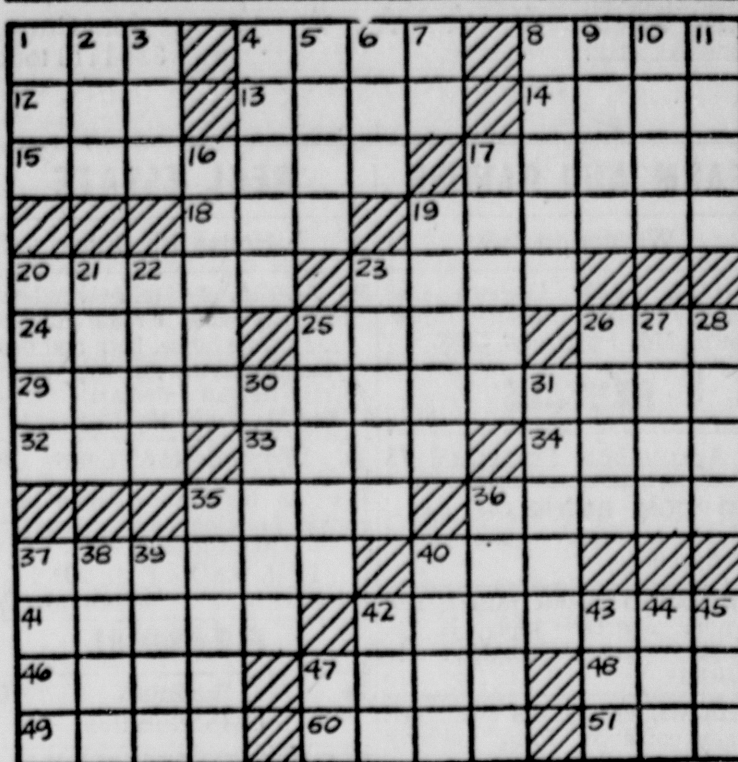

It goes without saying—or does it?—that time for a hair-do and manicure has already been set aside. So prepared, you are half-way to a charmed appearance. Dressing techniques are the other half. Allow 30 minutes to dress, perhaps a bit more. But remember that neither dawdling nor rushing produces the finish you're after. It comes only from an efficient routine, such as this:

Arrange hair and cap in a net; bathe and rub down with cologne; don all clothes except dress; make-up in a strong light; slip on dress and jewelry; remove net; inspect appearance from all angles.

Above all, don't be tempted to overdo. Parfait—that's you!

Put aside your grooming doubts and worries! Send today for YOUR GROOMING—A to Z, a booklet that covers every step in achieving smooth looks. It tells

BARRY REOPENS DRIVE AGAINST LBJ POLICIES

By CARL P. LEUBSDORF
WASHINGTON (AP) — Sen. Barry Goldwater's sudden salvo at President Johnson may be a signal that the Arizona Republican has decided to plunge into the 1964 presidential race.

"I guess the senator's running again," White House press secretary Pierre Salinger remarked to newsmen at Austin, Tex.

Johnson, vacationing at his ranch near Johnson City, Tex., had no comment on Goldwater's charge that the President had unfairly put pressure on Congress in his fight over the foreign aid money bill.

ADVANCED SCHEDULE

Observers noted that Goldwater, figured by the polls as the front runner among possible GOP presidential contenders before the Nov. 22 assassination of John F. Kennedy, had begun jabbing at Johnson at least two weeks ahead of his previously announced schedule.

In a Dec. 5 interview, Goldwater announced a "major reassessment" of his plans and said that he would wait until after Johnson's State of the Union address Jan. 8 before assessing the new President.

Noting that Johnson would start to establish his own record at that time, Goldwater said that "shortly thereafter the Republican party will begin to praise or to criticize."

With Thursday's blast, sent to Senate Republicans from his Phoenix home where he is recuperating from minor surgery, Goldwater came out swinging at both Johnson's policies and his methods.

"I deeply resent the President's attempts to play politics with Christmas by stampeding votes on the highly questionable foreign aid bill," he said, adding that Johnson was "trying to treat congressmen as his personal errand boys."

The arm-twisting of Senate members to bring them into town to do nothing but rubber stamp the executive's demand is rash and altogether out of order," Goldwater continued.

He referred to plans for a Senate meeting Monday to give final congressional approval to the 3-billion foreign aid money bill for the year that started last July 1.

Goldwater underwent surgery to remove a calcium deposit on his heel.

SMITH TAKES GREEN'S JOB

PHILADELPHIA (AP)—Francis R. Smith, right-hand-man of the late Rep. William J. Green Jr., has stepped into Green's shoes as chairman of the influential Philadelphia Democratic organization, nimble side-tracking a delaying move by Mayor James H. J. Tate.

Tate, also a Democrat, had objected to plans to elect a new committee chairman so soon after Green's death, just one week ago. But ward leaders held a special meeting Friday despite his objections and elected Smith by a vote of 58-0. Tate did not attend.

The city Democratic chairmanship carries great political power. The late President Kennedy had credited Green with swinging Pennsylvania's electoral votes to him in the 1960 presidential election, by delivering a 330,000-vote majority in Philadelphia—enough to put the state into the Democratic column by some 160,000 votes.

"The ill-advised prospects of rushing people into a major decision cannot be undone," Tate commented after Smith's election. "It is my hope that future decisions are preceded by more thoughtful deliberation."

Smith, elected to fill the unexpired term of Green, faces the prospect of another election next June, and he has said he will seek a full two-year term when the Democratic City Committee reorganizes some 18 months from now.
